

Nature 2000 Twinning Framework

Anita Prosser –Eurositere Board Member

How we got here today

- Eurosité has a long history of twinning
- Commission expressed an interest in twinning
- Eurosité presented twinning at the Expert group on management of N2K
- Twinning has been written into the Fitness review
- Discussed as a tool in the Biogeographic process

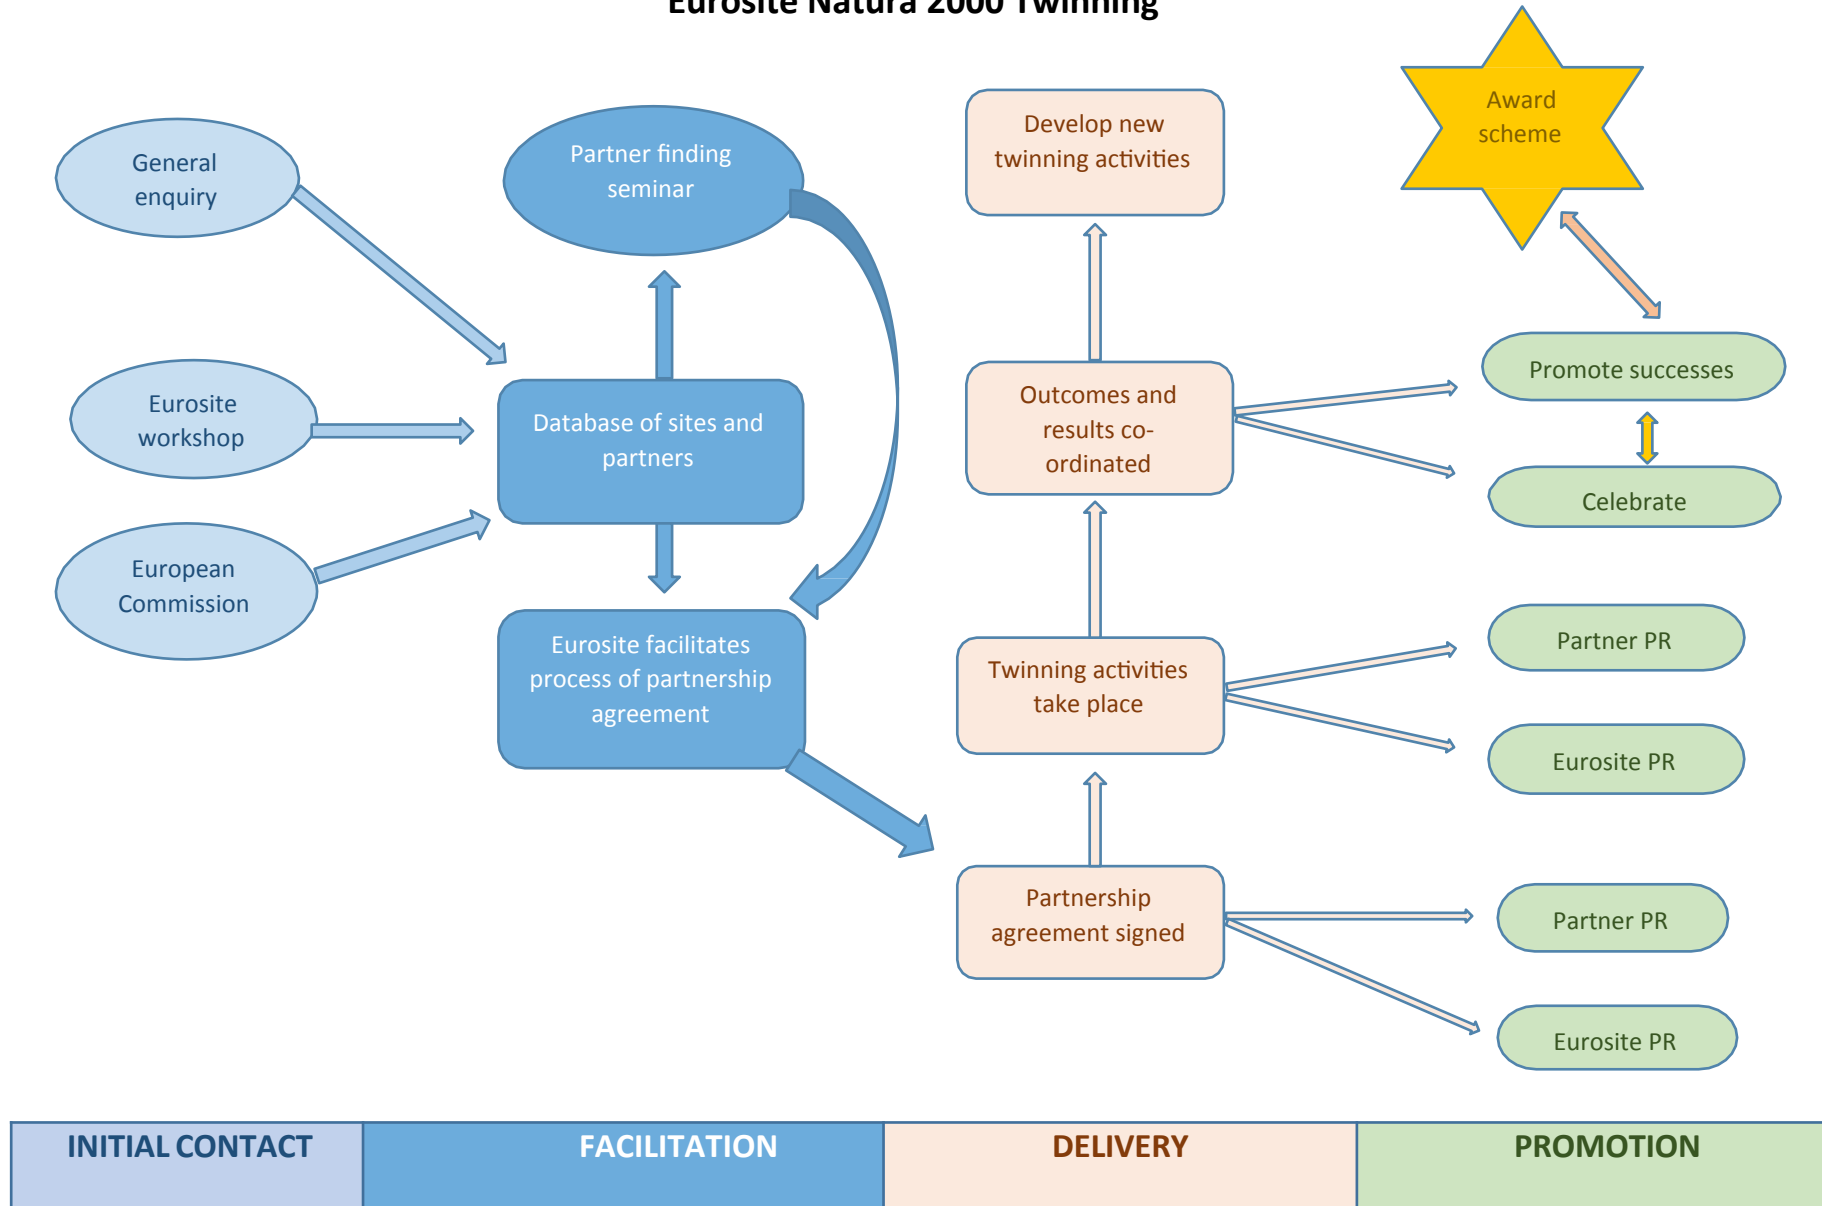

Eurosite Annual meeting 2015 workshop on developing twinning

- **A site matching database**
- **Facilitation**
- **Provision of models of twinning**
- **Organise partner finding workshops**
- **Provision of information and Funding**
- **Annual awards for the best twinning**
- **Standards**

Eurosite Natura 2000 Twinning

Biogeographic process

- At the Atlantic Region seminar a workshop on twinning
- Twinning was identified as a means of progress thematic issues between sites
- A new BioGeographic support contract as from 2018

What we need to achieve from this workshop

- Find practical ways of creating a Framework for N2K twinning
- Identify what we need to do and resources required
- Identify how Eurosight can develop quality standards

The process for this workshop

2 sessions to develop ideas

Today

Part 1

10 min: Individual brainstorm

Part 2

15 min: In pairs thoughts that 'stuck out' and try to translate them into a list of 'ingredients' / recommendations for Eurosité, ELO and European Commission

Part 3

World Café/Round Robin - 60 min: Four Tables and Four Topics

1. **Twinning process** -20 minutes
2. **Stakeholders** - 13 minutes
3. **Structure and Ingredients** - 13 minutes
4. **Potential 'user'** - 13 minutes

Tomorrow

World Café/Round Robin

1. Role of Eurosites - 20 minutes
2. Getting started - 13 minutes
3. Matchmaking - 13 minutes
4. Thematic twinning - 13 minutes

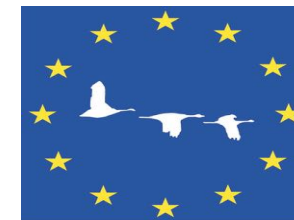

Thank you
